

JULY 2010 NEWSLETTER

Happy 4th of July to everyone! I can't believe we are already passing that 4th of July mark and the stores will have the summer clothes on clearance.

Summer is pretty quiet around here. The kids love the spray park. We have been fortunate to have good weather and the kids are spending a lot of time outdoors.

This month we are attaching new Child Emergency Forms that we need to have updated. Please fill this out, date it and return to the office ASAP. There is a stack also next to the time clock if you need any extras. We do need one for each child. Also, if your child's Health Appraisal form has not been updated within the year you will need to take one of the forms to their doctor and have them update it. They can fax it back (734-416-0628) or mail it to us as soon as they are completed. We appreciate your prompt attention to this matter.

I wish everyone a safe and very happy summer!
